SUBMISSION 132

TITLE: INTERPROFESSIONAL EDUCATION A STUDY OF CURRICULUM DEVELOPMENT AND ITS IMPLEMENTATION IN LEARNING PROCES IN APPLIED BACHELOR STUDY PROGRAM IN POLITEKNIK TANJUNGPINRANG
AUTHORS: Rano Puj Hastuti, Wigen Aiyano and Dwi Oktaria

Overall evaluation

SCORE: 1 (weak accept)

TEXT

The study is quite broad as development and implementation, however it is not really clear data and justification throughout the paper. The description of curriculum development, such as model of development, process of implementation, and evaluation model are not clear. The methodology, need to be clarified, is it only document analysis or involving interview and observation? The discussions with relevant literatures have been explored even though it is not presented in the results.
