KOTABUMI NURSING STUDY PROGRAM
Final Project Report, June 7, 2022

Lydia Lestari,

Nursing Care for Mr. K With disorder Oxygenation of Non-Hemorrhagic Stroke in the Fresia room, Handayani General Hospital. 11th until 13th November 2021

xv + 63 pages, 10 tables, 1 image

ABSTRACT

Stroke is a brain function disorder that occurs suddenly caused by a bleeding brain bleeding disorder and can happen to anyone and at any time. The purpose of writing this final project report is to provide an overview of nursing care for patients in non-hemorrhagic stroke cases to Mr. K with impaired oxygenation in the hospital. freesia room at Handayani General Hospital, Kotabumi, North Lampung. K with impaired oxygenation in the freesia room of the Handayani General Hospital, Kotabumi, North Lampung.

Nursing diagnoses according to Indonesian Nursing Diagnosis Standards include: Ineffective cerebral tissue perfusion, Impaired physical mobility, Impaired verbal communication. Nursing care plan outcomes: improved cerebral tissue perfusion, improved physical mobility, improved verbal communication. Interventions: Management of cerebral edema, Mobilization support, and promotion of communication: Speech deficit. Implementation carried out Monitor vital signs, Give semi-fowler position, Monitor for confusion, change of mind, complaints of dizziness, fainting, Reduce stimulus in the client's environment, Plan nursing care to provide a period of rest, Collaboration in administering therapeutic drugs with doctors

Evaluation for three days showed the nursing problem with the diagnosis of ineffective cerebral tissue perfusion and partially resolved physical mobility disorders, the diagnosis of verbal communication disorders was resolved.

The conclusion of this final report is the theory of nursing for non-hemorrhagic stroke according to the client's condition. recommended from this report are expected that the institution should facilitate the latest edition of books on nursing with stroke cases, especially non-hemorrhagic strokes to make it easier for students to find and collect references in making this final report.
